

Our
Doors

We're XL

Our doors define homes

We're XL Joinery, and we've been in the door business for over 25 years.

A quarter century working with wood, helping transform rooms and spaces for the better. Our doors help define our homes, and whether your interior suits timeless solid oak, or a bright, contemporary splash of colour, there's something for you in our carefully selected range.

Over that quarter century we've learnt a thing or two. Skills and experience gathered from the craftsmen, carpenters, builders and joiners who see our product through from rough and sawn to finished and hung. Our people are experts in their craft, combining time-honoured tools and modern technology to guarantee excellence. They've taught us to focus on quality, on materials and on provenance. Because when we know where our wood comes from, and exactly how to use it, we create better doors, and better design too.

Community is important to us. Not just the XL Joinery family, though we're proud to employ some of the best in the business. But a community connected worldwide by woodwork. Our timber makes quite a journey to get here, so it's vital that we know exactly where it's from.

We use FSC® and PEFC™ certification, with cutting edge systems to ensure everything is tracked and traceable. And we're engaged with sustainability at home too. One of our biggest achievements has been to go fully Carbon Neutral, an initiative driven by our passionate team members.

Our Yorkshire headquarters has one of the largest stockholdings in the UK, and our team handle everything from quality control, after-sales service and delivery in-house. We work with a hand-picked network of builders merchants and retailers, providing nearly half a million doors a year for everything from personal renovation projects to ground breaking new developments.

Alongside old favourites and classic doors, we've updated our collection to feature innovative and striking new finishes, each inspired by some of the most talented designers and joiners in the business. And if you can't find what you're looking for at first glance, just remember you're dealing with people who know their craft. With a wide range of bespoke options and services, the chances are we can help.

Pre-Finished Original Oak Suffolk & Loire handles.
See pages 34 & 104.

Your XL

Our doors in real homes

Transforming period properties in to contemporary living spaces and providing flow through modern homes, our doors are enjoyed by you, all over the UK.

As seen in the restoration of a large Georgian property in Yorkshire, on George Clarke's 'Old House, New Home' on Channel 4.

The Pre-Finished Oak Victorian 4 Panel and the Victorian Shaker 4 Panel work splendidly modernising Georgian, Edwardian and Victorian properties, whilst ensuring the character of the original architecture is kept throughout.

We're XL

Proud of our craft

If there's one thing that defines an XL Joinery door, it's that we work with the best.

The best people, and the best materials. Decades of experience, using tools and methods passed down from one skilled professional to another. Nothing new just for the sake of it, but the brightest innovation where it matters most.

That's what craft means to us. Attention to detail. Traditional ways of working, with thoroughly modern quality assurance, tracking and traceability. And a hands-on appreciation of the beautiful timber that will transform your living space.

The in-house finishing and bespoke services we offer are a perfect example. Our people expect perfection, from the studio floor to after-sales support. Doors that are finished by hand, with a personal touch and an eye for detail. Or working to your exact specification for made-to-measure.

You'll find that craft in everything we do, across our entire range. Every single door, every single day, backed up by the regulatory compliance and professional certification to prove it. Going over and above to ensure the reputation our people have built over the years is well deserved.

We are honoured to be...

- ISO 9001 Accredited
- ISO 14001 Accredited
- CE Compliant Products
- Guild of Architectural Ironmongers
- Guild of Master Craftsmen Member
- British Woodworking Federation
- Door & Hardware Federation
- Building Regulations Compliant

Our Promise

Everything we do starts with a promise. It's a pretty simple one. Something you'd expect any trustworthy tradesperson to abide by.

When we say it, we mean it.

Our oak doors are the real deal. Things like proper oak veneers. The stuff that matters to installers, and the little details that define an XL Joinery door. Beautiful construction, using proper tools and methods honed over time. Doors that are engineered to last.

We're XL

Service powered by people

It's no good supplying beautiful, well made doors if we can't ensure gold standard delivery; or guarantee the kind of renowned after-sales support that has professional installers coming back time after time.

That's why we rely on our people every step of the way.

It starts with design and development, spotting fresh styles and introducing innovative new concepts. That might be the contemporary statement of a Colours by XL door, a service powered by our talented finishing team. Or it might be an on-trend room divider, creating functional spaces for families to share.

All that hard work is complemented by our technical experts, ensuring our doors are safe, sound and fit for purpose. It might not be glamorous, but achieving the correct certification and compliance is just as important to the finished product.

“Our West Yorkshire headquarters and distribution centre is state of the art.”

Our West Yorkshire headquarters and distribution centre is state of the art too. We hold 200,000 doors in stock, and it takes some pretty complex logistics to ensure such a large, nationwide distribution network runs smoothly. We're pretty proud of our operation. It just works.

When it comes to sales and support, our team are right there too. Not squirrelled away in a call centre, but over the way from the workshops. If they don't know the answer, they can ask someone who does. Care and attention that's personal.

Sustainable at heart

We couldn't exist without carefully managed forests, the source of the beautiful timber every XL Joinery door relies on.

It's a vital raw material, and a vital responsibility. Illegal logging and timber production is a danger throughout the supply chain, from the communities and wildlife it displaces, right through to the unreliable quality and risk of failure for the end result.

That's not our way. Our people are proud of their work, and we'd be letting them down if we didn't do everything possible to source ethical timber, and to contribute to a sustainable future for our natural resources. That's why we've had our own FSC® Chain of Custody since 1995, and PEFC since 2014. We work closely with our manufacturing partners to ensure they share our ethical vision, following responsible forestry practices, and operating as transparently as possible.

Though it's our people that drive our focus on sustainability, it's our systems that enable real progress. Our environmental management systems comply to ISO 14001 standards.

Look out for the FSC® and PEFC logos for certified products.

Certified Carbon Neutral

Responsibly managing our environment is, and always has been, a vital commitment for us. We have an obligation to combat climate change within our communities both here in the UK and throughout the world. Working with The Carbon Footprint we are celebrating another year of Carbon Neutrality.

Simply put, we are committed to offsetting all our greenhouse gas emissions through ambitious projects. We've planted plenty of trees and we've also been supporting projects in countries such as Chile and Uganda, which offer employment and fresh drinking water to their rural communities.

What's more, we've been working to reduce our output at home, transitioning to electric vehicles on the warehouse floor and introducing a raft of energy-saving measures throughout our headquarters.

Most importantly, we're not just offsetting our carbon CO₂, we're actively committed to reducing our emissions now and in the future.

Carbon Neutral
PAS 2060

Our Services

Doing things differently

For skilled joiners in years past, every job was bespoke.

Every project required something a little different. A new solution, or a challenge to be overcome with craft and ingenuity. In this era of mass production, it's important to remember that different doesn't mean difficult. Our people love different. So if you need a width or length you can't see in our collection then let us know.

Due to manufacturing complexities not all designs are available in the sizes noted above or as a fire door option.

XL Bespoke

Step 1.
Talk to one of our merchants or retailers and let them know what you are planning.

Step 2.
We'll produce a CAD drawing for you to sign off.

Step 3.
We'll manufacture your bespoke doors.

Step 4.
We'll deliver, usually 12-14 weeks after sign off.

Available on...

- All internal oak doors (pre-finished and unfinished)*
- All internal walnut doors
- All internal white primed

Covering...

- Standard doors (panelled and glazed)
- Fire doors (panelled and glazed)
- Door pairs (excluding fire doors)
- FD60 fire rating on some panelled doors

For information on designs and sizes talk to our team:

Tel: 01924 350500

Top Picks

Colonial

A historic design with six panels, this has been a popular door through the ages. With a sturdy oak construction and a timeless look, our Colonial is simply perfect if you want your home to exude elegance and class.

DX

An early twentieth century style with bags of thirties character. This solid-looking design would be equally at home in a refurbished Victorian-era terrace, or a smart penthouse, mixing style influences across the decades.

Louis with Raised Mouldings

An elegant two panel door in traditional European style, perfect for lavish and maximalist interiors. The raised mouldings bring a tactile element that suits luxe design, evoking the qualities of times past.

THE OAK ESSENTIALS

First impressions count.

Which is why our Oak Essentials are crafted with precision, using the highest quality American White Oak. Warm tones radiate from the real wood and the stunning texture of the timber grain offers an impressive finish.

Other features include:

-  Deep luxury chamfered u-groove designs offer greater depth to the door and make it appear more striking compared to imitators with shallow square grooves.
-  American white oak veneers for the highest quality aesthetic.
-  Engineered construction for greater stability and performance.
-  Available to bulk order and can be delivered in batches at any time, to suit the project.
-  A vast array of Fire Door sizes makes them essential for any project.

Some of these doors arrive unfinished so they can be personalised to match the latest trends.

The Unfinished Essential range is available in any one of the stains below:

Palermo Essential

Contemporary living at its best, modernise your home with this stunning Palermo, oak linear panelled door.

Style with presence

The Rustic Oak Ledged is a traditional cottage style door, perfect for renovations, heritage interiors, and for anyone seeking the cosy warmth of this dependable and timeless classic.

This statement solid oak door combines the best modern construction methods with a material that stands the test of time, providing a real sense of presence for any interior.

And for those looking for a little more flexibility within the home, our White Primed Cottage door on page 77, represents the easiest way to achieve the finish you need, ready for painting at home or finishing in Colours by XL.

Rustic Oak Ledged & Tiber handle.

Top Picks

Palermo 1 Light with Clear Glass

The Palermo is one of our most popular styles, and this glazed version can help bring light and warmth to any room. Maximise the natural sunlight in your house, and create a touch of open plan living without sacrificing privacy.

Ravenna

Our most unique style. An unconventional design that is destined to elevate your home. Modern and traditional homes alike will benefit from the Ravenna's vertical and horizontal grains, perfectly balanced in this fresh door design.

Salerno

A sleek design that is versatile in function. Display as a single door for an abstract feel. Alternatively pair two together to create a striking centrepiece within any contemporary home.

Top Picks

Forli

The central panel of the Forli features a mass of horizontal grain walnut, creating real impact and showcasing this attractive and striking wood. Subtle aluminium inlays set off vertical side panels.

Varese

The Varese represents a unique combination of the traditional and the modern. A large format central panel suggests statement pieces of the past, but its aluminium inlays and elegant finish bring it right up to date.

Portici

Five panels of warm walnut, offset by vertical panels which frame and add a sense of height. Like other doors in the collection, the Portici features real aluminium inlays which help the panels shine through.

Crisp beauty and clean lines

Our White Collection combines the appeal of contemporary minimalism with the considered cleanliness of traditional styles. A singular backdrop for everything from bright and busy interiors to stripped back urban apartments.

White Primed Cottage finished in Colours by XL, Glacier & Oder handle. See pages 77 & 105.

Top Picks

Shaker

Part of a design tradition renowned for rustic charm and simple utility, the Shaker is a classic addition to any interior. It could anchor a contemporary scheme, or complement the heritage notes of a refurbished property.

Portici

The five panel Portici shows off this style at its best, with clean and crisp grooves highlighting the beauty of a simple white finish. Real aluminium inlays create a sense of depth, neatly dividing the door's elegant proportions.

Worcester Clear Glass

The Worcester lends itself to glazing, opening up your room and bringing in the sunlight that helps show furnishings at their best. The pure white helps lighten any interior, with vertical panels that lengthen and lift.

GWM6L726	2040 x 726 x 40mm
GWM6L826	2040 x 826 x 40mm

All of our White Moulded doors are grained and come with a 1 Year Manufacturing Defect Guarantee.

Unless otherwise stated all doors are supplied ready for final finishing.

The centre of the lock block is approx 950mm from the bottom of the door and the overall height of the lock is approx 300mm. The lock block is located to each side of the door and extends approx 100mm in from the edge of the door.

*Door size is smaller than opening to allow for bi-fold track and fittings (included with your purchase).

Doors
Interior

Collection
White

A blank canvas

Stay bright and white or add some colour to suit your exact taste and styling. Either way, create your dream home with our gorgeous collection of White Primed doors, such as the Suffolk.

Our White Primed doors arrive with a basic finish on them, called 'primer'.

Primed doors are double coated and save the additional effort of you needing to prime your doors at home. They will however require a light sanding before they can be painted and are ready to fit.*

The whole range is available in Colours by XL, allowing us to take the hassle of finishing a door away from you.

White Primed Suffolk finished in Colours by XL, Glacier & Livenza handle. See pages 81, 20 & 102.

Top Picks

Adaptability and vivid variation

Our Pine Collection displays the most attractive face of the timber, exhibiting the character and variation that differentiates each and every panel.

Pine Colonial 6 Panel & Meuse handle.
See pages 89 & 104.

Vine DX

A style designed to complement faithful restorations, or to bring an element of heritage to more contemporary designs. The detailing on the panels draws the eye towards the characterful grain of the pine.

Edwardian with Clear Glass

A glazed door can help lighten a room, opening up the space beyond and bringing in natural light. This striking and substantial Edwardian version uses bevelled glass to add personality to the large, clear panes.

Rio 4 Panel

A four panel design with a difference, the Rio introduces a subtle curve across the top two panels. The large panels show off the knots and intricacies of the natural pine, with grooves that add depth and detail.

Clever creativity and flexible living

Our Room Dividers open up your home to a more flexible way of living, unlocking new layouts and creative interiors.

Available in a range of materials and options, they are a truly impactful way to adapt and perfect your space.

White Primed Pattern 10 with Clear Glass, Freefold system & Loire handles.
See pages 78, 100 & 104.

XL Joinery Bespoke Pre-Finished Oak Varese with Clear Glass, Freefold system & Tiber handles.
See pages 37, 100 & 104.

Dividers at a Glance

Rebated Pairs

Stylish dividers to customise your space.

Pair Makers

Create a pair using any of our internal doors.*

Pocket

A sleek solution for sliding doors.

Easi-Glide

Create space with our simple system.

Easi-Slide

A system for a larger layout.

Easi-Frame

A flexible, customisable divider.

Wardrobe System

Maximise your essential storage space.

Freefold

Divide your space by folding and opening.

Room Dividers

Rebated pairs

Double doors built with a purpose.

We offer a range of rebated pairs that complement our portfolio. These double doors have been specifically designed so that they are tight and neatly close, creating a flush look.

All Rebated Door Pairs are rebated on the meeting stile and open as illustrated above.

Unfinished Oak Malton Pair with Clear Bevelled Glass finished in Colours by XL, Clear Stain & Loire handles. See pages 91, 20 & 104.

Room Dividers

Pair Makers

A simple solution for adaptable interiors.

Any pair of doors from our collections can be combined to create a striking French door using a Pair Maker, or upgrade any two doors to a fully rebated door pair using the XL Joinery bespoke service.

Oak Pair Maker

Oak Contemporary Pair Maker

White Pair Maker

Pre-Finished Oak Worcester with Clear Glass.
See page 39.

Pair Maker is attached to the slave door and acts as a rebate to the other door.

Product Description	Code	Size
Pre-Finished Oak Pair Maker	PFOAKPM	1997 x 54 x 36mm
Oak Pair Maker	OAKPM	1997 x 54 x 36mm
Contemporary Oak Pair Maker	COAKPM	1997 x 54 x 36mm
Contemporary Oak Pair Maker (Metric)	OAKPMMET	2056 x 59 x 41mm
White Primed Pair Maker	WHITEPM	1997 x 54 x 36mm

The Pair Maker can be fitted to either a left or right hand door. For installation apertures add 10mm to the overall width of the two doors (not including clearance).
Pair Makers not suitable for the Monza Glazed door.

Room Dividers

Pocket Doors

No need to compromise on quality.

Our pocket doors mean you don't have to compromise on style and quality where space is tight, such as en-suites, bathrooms or kitchens.

A double door room divider is also an option, using pocket doors side by side to portion up larger living spaces.

Pocket doors are engineered to sit within partition walls, with a pre-assembled aluminium track and header mechanism included as part of each door kit.

We've designed the system to work with most doors, with the exception of those with raised beads or mouldings and fire doors, so you can take your pick from our carefully chosen collections.

Product comes with:

- Pocket Door System (Including Round Flush Pull Handle)

Hardware available:

- Soft Close and Locking Hardware
- Simultaneous Action Kit (For use with Double Doors only)
- Sliding Door Flush Pull - Satin (Rectangle)

Unfinished Oak Treviso finished in Colours by XL, Americano. See pages 43 & 20.

Product Description	Code	Size
Pocket Door Kit (30")	POCKET-30	1981 x 762mm (30")

Pocket Sliding Door Lockset (Satin) - 30-48mm	POCKET-3048LS	To Suit 30-48mm thick doors

Architrave and door linings are not included.

Room Dividers

Easi-Glide

Create space in even the most tasking of properties.

Our Easi-Glide system is a cleverly engineered way to create space in even the most tasking of properties. Most doors from our collections can be hung using the Easi-Glide system, with the exception of doors with raised beads or mouldings, and fire doors.

Product comes with:

- Pelmet (available in Unfinished Oak or White Primed)
- Top hung sliding door hardware

White Primed Salerno with Clear Glass finished in Colours by XL, Glacier. See pages 79.

Room Dividers

Easi-Slide

Share the same space or separate apart.

Our Easi-Slide system is a striking way to divide a larger layout, allowing for a number of unique configurations that will add functionality and transform your home. Each is available in a choice of Oak or White Primed, using the standard door sizes in our range.

The Easi-Slide comes with:

- Frame
- All sliding door hardware (excluding handle)
- Pair Maker

Pre-Finished Oak Pattern 10 with Clear Glass.
See page 42.

Product Description	Code	Size
Oak Sliding Door Frame - 2pcs (includes hardware kit)	OSLIDEF	3500 x 2090mm
White Sliding Door Frame - 2pcs (includes hardware kit)	WSLIDEF	3500 x 2090mm

Only available on 35mm thick doors.
Easi-Slide components are made from FSC®- certified and other controlled material.
The White Easi-Slide is double coated and ready for final finishing.
Please include the Pair Maker thickness in your frame width calculations (12mm).
Frames will need to be cut down on the height as well as the width as allowances have been made for different types of floor coverings.
If using obscure glazed doors, ensure that the glass is facing the correct way prior to fitting.

Option 1

2 fixed sidelights and 2 opening doors

Possible door width options:
838 + 838 + 838 + 838mm
838 + 762 + 762 + 838mm
610 + 762 + 762 + 610mm

Option 2

2 fixed sidelights and 1 opening door

Possible door width options:
610 + 762 + 610mm
610 + 610 + 610mm

Accessories

Internal Door Accessories

Add that special finishing touch.

The introduction of Oak architraves and skirtings really takes the interior of a property to another level. The pre-finished range complements our range of doors helping to add a sense of consistent harmony to any property.

External collection

Enduring presence and stylish expression.

Our External Collection features styles to suit any property, creating a striking entrance to your home. From contemporary, linear styles to conservative options with a reassuringly weighty presence, our doors are crafted to last, using traditional methods that stand the test of time.

External Tricoya Modena Finished in Moss Green. See pages 115 & 114.

Durable by design

All our doors depend on the quality and performance of the materials used to craft them.

There's a reason why woodworkers staples like oak and pine remain so popular. But a respect for tradition doesn't ignore the best of modern engineering. That's why we're proud to introduce MEDITE TRICOYA EXTREME, a remarkable option for our external collection.

MEDITE TRICOYA EXTREME is a new class of engineered wood, created with first class durability and the kind of stability that external doors need to stand the test of time. As an engineered material, MEDITE TRICOYA EXTREME is easy to work with, achieving a flexibility that makes it suitable for any design.

But with exterior doors, performance matters above all. And MEDITE TRICOYA EXTREME makes the grade in every way. No swelling when wet, excellent decay resistance, and no cracking or delamination after freezing and thawing cycles. Everything an exterior door requires.

External Tricoya Suffolk Finished in Pebble Grey.
See pages 115 & 114.

The Technology

The technology behind MEDITE TRICOYA EXTREME wood is based on acetylation, a process that has been developed by specialists over decades of research and testing. Acetylation changes elements within the wood, reducing the ability to absorb water and adding stability and durability.

The acetyl, which provides these qualities, is naturally present within the wood. The technique used to create MEDITE TRICOYA EXTREME simply increases the proportion of this vital element. A high-tech solution, but one with outstanding performance benefits.

The doors

We've harnessed the qualities of MEDITE TRICOYA EXTREME across a range of external styles, from the ever popular Chancery, to contemporary Modena and the heritage Westminster style. Windowed models come double glazed to keep the chill out, and each comes white primed and ready for finishing on site, or in one of 14 deep and beautiful colours. We'll even include a touch up pot for finished doors.

We take care of the labour. No time wasted sanding, priming and finishing on site.

The guarantees

30 YEARS Manufacturing Guarantee Rot and Fungal Decay	10 YEARS Manufacturing Guarantee Double Glazing Unit Failure
10 YEARS Manufacturing Guarantee	10 YEARS Manufacturing Guarantee Factory Painted Finish

External Tricoya Malton Finished in Blossom. See pages 115 & 114.

The colours

Our Tricoya external doors are available in a range of hand selected colours, from vibrant, iconic yellow to cool, earthy sage, or clean and classic white. And for peace of mind, each pre-finished colour comes with a 10 year guarantee.*

Jet Black  Code: EPF-JETBLACK	Cobalt Blue  Code: EPF-COBLATBLUE	Moss Green  Code: EPF-MOSSGREEN	Signal Red  Code: EPF-SIGNALRED	Black Olive  Code: EPF-BLACKOLIVE
Telegrey 4  Code: EPF-TELEGREY4	Pastel Turquoise  Code: EPF-PASTELTURQUOISE	Pale Green  Code: EPF-PALEGREEN	Pastel Violet  Code: EPF-PASTELVIOLET	Blossom  Code: EPF-BLOSSOM
Signal White  Code: EPF-SIGNALWHITE	Mouse Grey  Code: EPF-MOUSEGREY	Pebble Grey  Code: EPF-PEBBLEGREY	Zinc Yellow  Code: EPF-ZINCYELLOW	

Please note: Whilst we've made every effort to ensure the doors displayed on this page match the colour on our Tricoya doors, we can't guarantee a complete match with the finished RAL colour. We recommend you request a colour swatch before ordering.

*Guarantee is subject to regular upkeep and maintenance of the finish.

Accessories

External door accessories

Our external door accessories are designed to match our external door range with a wide variety of frame options to complete the look.

XL external door stain

Applying the correct stain is crucial for the look and long term performance of any external door.

That's why we have developed a professional external door finishing kit.

The kit includes:

- One 500ml tin of Oak Base Coat
- One 1 litre tin of Oak Top Coat
- One 250ml pot of End Grain Sealer

Product Code: OSKIT
